48 CFR Ch. 8 (10-1-11 Edition)

801.602-71

- (2) The change order is for a time extension of 60 days or more.
- (f) Unless otherwise stated, all dollar values in 801.602–71 through 801.602–76 are expressed in total dollars involved in the acquisition action.
- (1) The contracting officer may not consider the positive and negative status of the figures in determining the total dollar values involved.
- (2) An acquisition of \$550,000 with a trade-in credit of \$70,000 would be valued at \$620,000 for legal or technical review purposes rather than the net amount of \$480,000. An Energy Savings Performance Contract requiring payment from savings of \$10,000,000 to the contractor over the life of the contract would be valued at \$10,000,000, despite the fact that there is no immediate cost to VA and no payment if there are no savings.
- (g) By separate notice, the DSPE may require technical review of any contract-related materials, regardless of dollar value.
- (h) Except as set forth in 801.602-73 and 801.602-75, at its discretion, the Office of Acquisition and Materiel Management may request OGC review.
- (i) The requirements of this section or sections 801.602–71 through 801.602–76 do not apply to contracts awarded by or on behalf of the VA Office of Inspector General.
- (j) Contracting officers and purchase card holders must ensure compliance with separate guidance on information technology (IT) tracking and approval prior to processing requests for acquisitions of IT and telecommunications software, equipment, and/or services, regardless of dollar value.
